THE VERNON RECORD, FRIDAY, OCTOBER 9, 1925.

NEW TRAFFIC LAWS TO TAKE EFFECT SOON

Ordinances Prohibiting Left Turns on Important Main Street Intersections, "Stop" Signals and "Slow" Zones for Schools To Be Passed.

Vernon autoists had better begin making their plans to discontinue certain kinds of driving that have become a nuisance no longer to be tolerated. "Stop" signals have been ordered and will be placed on street intersections in the down-town district. These signals will inform drivers that they must bring their machines to a full stop before entering the street ahead.

The signals have not been received and it has not been definitely decided where all of them will be placed. There will be at least three on Main at Wilbarger, Pease and Texas. Wilbarger and Cumberland will be similarly marked and possibly Wilbarger and Fannin. Pease and Cumberland is another probable location for stop signals.

Another move that will simplify traffic problems on down-town streets will be the prohibition of left turns of Main Street on at least five street intersections. The district where left turns will be banned may be extended to include six intersections.

The corners on Main where left turns will be prohibited are Marshall, Wilbarger, Pease, Texas, Olive and possibly Maiden. This rule will mean that drivers on Main Street in the blocks between Maiden and Marshall Streets can do only two things—go straight ahead or turn to the right into a cross street. A driver going north on Main, for instance, who wishes to go west on Pease or Texas, must either go east to Cumberland and drive back or go north beyond Maiden where left turns are permitted.

The habit of many joy riders to drive up and down Main Street, circling light posts at street intersections must stop, City officials declare. Much of the confusion in traffic on Main Street during rush hours will be eliminated by the discontinuance of left turns.

Several gins over the county have been operating day and night during the past week. The ginners reports follow:

GINS REPORT OVER 8,000

COUNTY GINS REPORT ALMOST 5000 BALES GINNED DURING PAST WEEK.

The county ginning total reached 8,238 bales last night, according to ginners reports. This shows a gain of approximately 5000 bales over the report of last week which totaled 3658 bales. Although the report shows that the total increased greatly over that of last week, the grand total is about 6000 less than at this time last year.

Several gins over the county have been operating day and night during the past week. The ginners reports follows:

Rotarians to Wichita.

R. H. Smith and Emory Rhoads of the Vernon Rotary Club were in Wichita Falls yesterday where they appeared on the program of the club in that city at the weekly luncheon.

These various regulations will be put into effect by ordinances during the present week, according to plans of officials.

Lonely Trading Post at Doans Recalled As Veterans of Old Trails Meet at San Antonio

As the time-worn veterans of the old trails met in the third annual reunion of the Old Trail Drivers Association at San Antonio yesterday morning, C. F. Doan of Vernon was a prominent and well-remembered figure. He and his daughter, Mrs.

Bertha A. Ross, claimed to be the first white child in this country, left Vernon Wednesday morning to attend the three-day convention at San Antonio.

Old trail drivers will remember him as the keeper of the last supply station at which supplies could be obtained for the jump to Dodge City, Kans.

The little adobe supply house,

standing on the banks of Red River

near where the present Doans settle-

ment was noted as an equipment

house on the famous Dodge City

Trail, which used to cross the pres-

ent site of Vernon.

The trail drivers association sent

a special invitation to Mrs. Ross to

attend the meeting this year, as she

is remembered as "the little girl at

the trading post."

She will ride a horse in the gigantic

parade which is to be staged in San Antonio during

the convention.

Mr. Doan recalls. Checks for \$300,000

were no uncommon sight at this little

settlement far from the outside

of the convention.

Mr. Doan states.

LOCAL TEACHERS NOT IN STATE ASSOCIATION YET

Very few of Wilbarger County

teachers are joining the State

Teacher's Association in spite of the

fact that neighboring county's are

reporting 100 per cent enrollment,

according to a statement of L. A.

Hollar, superintendent. Little in-

terest has been shown in the associa-

tion and its work in this county.

Mr. Hollar states.

CHILlicothe TEACHERS ENROLL IN ASSOCIATION

Announcements from Chillicothe state that O. R. Childress, superin-

intendent of the Chillicothe schools,

recently reported the enrollment of his

faculty 100 per cent in the Texas

State Teachers Association. The

Chillicothe superintendent has an-

nounced that he and a number of his

teachers will attend the annual con-

vention of the association which is

to be held in Dallas on Nov. 26-28.

OFFICERS NAB SEVEN IN GAMING HOUSE RAID

In a raid Tuesday Vernon, offi-

cials took seven men into custody fol-

lowing a tip that a gaming house

was being operated at 1810 Texas

street. The house was found to con-

tain tables and everything necessary

for a public gambling house, officers

say. The proprietor of the place was

not identified, it is said.

LOCAL TEACHERS NOT IN STATE ASSOCIATION YET

EDGAR HINDENBURG

MASONS DECIDE TO START NEW BUILDING HERE

Committees Instructed To Go Ahead With Plans After Lodge Is Formally Committed to Building Project on Present Site on Main Street.

Definite steps looking to the erection of a modern Masonic Temple were taken at the regular meeting of Vernon Lodge No. 655, A. F. A. M., last night when resolutions were passed clothing committees with necessary authority to make plans for building and arrange for a financing program.

Two other resolutions were passed that moved the plan forward. One was the adoption of the resolution that the present site of the Masonic temple and the vacant lot adjoining, which is owned by the Lodge, be fixed as the location of the new temple. There had been some discussion about disposing of the property owned by the Lodge and buying another site. Sentiment for retaining the present property was practically unanimous. The other action was the introduction of a resolution amending the by-laws so as to provide for an increase in dues in order to make it possible to finance the building. Final action on the proposed amendment change the by-laws cannot be taken until next month.

The building committee, composed of C. S. McColloch, E. L. Witty, W. F. McGee and R. H. Nichols, was authorized to select an architect to work out plans and to prepare an estimate of cost. When this is done the recommendations will be submitted to the Lodge for approval.

The finance committee was empowered to work out a definite plan of financing, including the sale of second mortgage bonds to local Masons and the negotiations of a loan to complete the building.

It was generally agreed that the new structure should be of fire-proof construction, modern in every particular. The tentative plan calls for two large rooms. One would be the entire third floor, with a smaller one on the second floor. Part of the second floor space would be cut into offices, while the entire first floor would be used for commercial purposes.

Another habit that must be stopped, according to Police Chief W. G. Gilbert, is the stopping of two cars in down-town streets while the occupants carry on conversations. Visiting teachers will be asked to instruct students to cross these streets at the designated crossings. Motorists passing through these zones at a greater speed than about fifteen miles per hour will be given an opportunity to "tell the judge" in the City court, Mr. Gilbert says.

Several gins over the county have been operating day and night during the past week. The ginners reports follows:

Business Council Discussed Poultry and Dairy Drive

At a meeting of the business council last night, plans for an intensive dairy and poultry campaign in Wilbarger county were discussed, and arrangements were made to secure specialists to aid in the campaign. A resolution was passed requesting C. F. Stanton, passenger agent of the Frisco Railroad, to secure his company's specialists along that line. The work will be conducted in coordination with the Agricultural and Mechanical College of Texas and other similar institutions, according to the plans made.

New and modern equipment is to be installed throughout, including floor lighting and other devices that have not yet been introduced into the Vernon theater world, the manager states. The theater will have one floor with a seating capacity of 400.

The name for the show has not yet been decided upon, the manager states. A contest will likely be conducted to decide upon a name.

Several first national pictures have been secured for the opening of the theater, indicating that the theater will show the best of pictures.

YOUNG WOMAN INJURED IN ODELL ACCIDENT TUESDAY

Last Tuesday morning Miss Bonnie Jenkins of Odell was painfully injured when she was struck by a car and ran over by it on the streets of Odell. At present she is reported to be recovering, although the wheels of the car passed over her body.

"The Timber Wolf" Here; "The Unholy Three" Next Week

"The Timber Wolf," starring Buck Jones, opened last night at The Pictorial Theatre, to the sort of motion picture that has made Buck popular with thousands of fans. It is a western story, adapted from Jackson Gregory's novel, which embodies all the two-fisted romance of the old west, giving Buck his opportunity to fight, ride and woo to the queen's taste.

Winsome Elinor Fair is Jones' leading lady and she does some exciting work that is worthy of her

It is a film adaptation of C. A. Rob-

bins' story and has a peculiar twist that has never been seen in any other of this type.

Tod Browning, who enjoys the reputation of being the most successful underworld film director in the business was responsible for the direction of the picture. Browning has been directing crook films for many years, one of his outstanding productions of that kind being "Outlaw."

Mae Busch, who has done such excellent work in pictures during the last few years notably "Bread," and "The Christian," and who is now a Metro-Goldwyn-Mayr feature player, portrays the leading feminine role in Irish-American girl who is in cagie with the underworld band.

Len Chaney, the screen's greatest make-up artist and character man, is the leader of the crook trio and appears in the role of a sympathetic heavy. The remainder of the crook trio consist of Victor McLaglen, famous English leading man who played opposite Lady Diana Manners, and Jerry Earle, a thirty-five pound aigget who masquerades as a baby. Matt Moore plays opposite the male romantic lead opposite Miss Busch and Matthew Betz taken the part of detective Reagan.

figuring out ways and means to keep his petulant daughter from daily risking her neck.

Ivan Simpson, at this writing supporting George Arliss in "Old English," plays the family butler, Malcolm, as only he can. Malcolm is a little off on one subject—detecting and devours a book on the subject in the picture. Bebe comes upon him, figures that here is a new field for thrills, borrows the book and then goes out and lands a job with a detective agency and the fun starts. Simpson also appeared with Miss Daniels in "Miss Bluebeard."

TITLE THEATER
IS ORGANIZED

TEMPORARY OFFICERS AND
COMMITTEES ELECTED
YESTERDAY.

At a meeting held yesterday afternoon at the home of Mrs. A. N. Vernon, on Paradise street, tentative steps were made for a Little Theater organization here. Temporary officers were elected, and committees were appointed to draft the constitution and by-laws. Some thirty-five people announced their intention of entering the organization.

The Little Theater plans to employ

home talent in presenting the latest and best plays to members. Keeping that purpose in view, the organization will give four or five plays this season.

The organization here is a part of a national movement of the sort, and no new thing. A number of cities in Texas have joined the organization and numerous plays are being given in that way. Everywhere the movement is meeting with much interest and approval.

Only members will be allowed to attend the plays, it is stated. Membership will be sold up until the night of the first play, and those not holding membership cards at that time will not be permitted to see any of the plays this season, according to the plan. Membership will admit a member and guest.

Following the reports of the committee, which will be made in the near future, it is planned to get the movement underway in earnest, and it is expected that a membership

**Quanah Declared
Not in Class A
Division League**

Announcement has been made that Quanah is not a class A team as has been published many times this fall, and will not be in the league contest with Vernon. It seems that the Indian coach was confused and made his schedule out with the Class A teams. Later, Roy B. Henderson, league secretary, informed the Quanah coach that he was not in the class A division.

No word has been received by Vernon coaches as to whether Quanah intends to play the game matched with Vernon on September 17. However, the contract made between the two schools calls for a \$250 forfeit should either team fail to play the game on the scheduled date, and it is likely that the Indian mentor will play the game.

With Quanah out of the class A division, Vernon will not get into the league race until the game with Electra on October 24. Electra and Wichita Falls get under way next week when they meet each other.

**SELLS ELECTRIC PLANT
AND MAY LOCATE HERE**

F. W. Grogan, who has been engaged in the electric light business in Pampa for the past several years, has disposed of his plant there to the Southern Light and Power Company, a big concern that has been buying plants in the Plains country, including the Amarillo property.

Mr. Grogan is undecided as to his plans for the future. He has moved his household goods to Vernon and may locate here permanently, although he has an attractive offer to move to Dallas.

**LOCAL DELEGATION GOES
TO SUNDAY SCHOOL RALLY**

A delegation from the local Methodist Church attended the district Sunday school meeting at Quanah Wednesday, where W. C. Owen and a special team from Nashville, Tenn., rendered a program. Those attending the rally from here were: Rev. and Mrs. O. P. Clark, Mrs. S. E. Porterfield, Mrs. L. E. McCurdy, J. A. Harrington, Rev. C. A. Bickley.

LIONS POINTED FOR TWIN TILT

SECOND STRING MEETS DEVOL AND REGULARS TAKE ON SAYRE.

With two games scheduled for this week-end, Coach Baggett has been driving his squad at top speed, and the entire squad appears to be in the best shape of the season. The second string meets Devol, Okla., at Fair Park this afternoon at 4:15 and the first string remains inactive while waiting for their go with Sayre tomorrow afternoon at 3 o'clock.

This week Baggett has been giving his players some of the finer points of the game, and has practically left fundamentals. As a result both squads have been making the best showings of the year. In addition to this, the cool weather has made it possible for the Lion mentor to drive his protégés for hours with hardly a halt. Before school hours this morning, the regulars were suited out, and practicing blocking and bucking the line. The tackling dummy was brought out and the second string charged it for some time.

Although it appeared earlier in the week that some of the regulars might remain out of the games this weekend because of injuries received in the game last week with the Decatur Baptist College eleven, all will start the game tomorrow, Coach Baggett announces.

Wilemon's second string will probably line-up as follows: Parker, cen-

ter, Walker and Black, guards, Lewis and Hopkins, tackles, Castleberry and Teel, ends, Luttrell, quarter, C. Key and Heyhurst, halves, Newth, full.

The first string line-up for tomorrow has been announced as: Robinson, center, Koontz and R. Key, guards, Burrows and Norwood, tackles, T. Key and Hollar, ends, Ryan, quarter, Crouch and Williams, halves, Gelhausen, full.

Card of Thanks

We desire to express our deep and lasting gratitude to the many and devoted friends who ministered so faithfully to our dear husband and death, and who bestowed so many beautiful floral offerings at his funeral.

These separate beautiful expressions of love and sympathy for one we love, do so much to soften the grief and soothe the heart aches of those left behind that we will never forget you and we hope and pray that when you may have to pass through sorrow that you may have such faithful friends to sustain you.

Turner in State Meeting of Delco Dealers Recently

Olin Turner, representative of the Delco-Light and Frigidaire Company in this territory, has just returned from Fort Worth where some thirty district dealers and salesmen of the Delco-Light and Frigidaire Company attended a two-day sales meeting at the Texas Hotel of that city, Monday and Tuesday, October 5 and 6. Messrs. J. P. Galloway and J. A. Smith, assistant sales managers of the factory at Dayton, Ohio, conducted the meeting, assisted by several men from the distributors in this state.

Various sales matters pertaining to the company's line of electric light plants, electric pumps and electric refrigerators were discussed in detail. Some interesting announcements were made by the factory officials regarding the factory's plans for more than trebling the production of electric refrigerators during the coming year.

It was announced at this meeting that by January 1, no point in West Texas will be more than fifty miles from a factory trained expert on installation and service work.

LIONS CLUB MEETS AT WHITE ROSE CAFE TODAY

At the regular meeting of the Lions club today which met at the White Rose Cafe, the committee which was appointed to investigate in regard to stop signals being placed on the streets of Vernon reported favorable, as the signals have already been secured. Installation will begin Monday it was stated. A committee was also appointed to place detour signs on the road between here and Electra.

A. M. Hiatt, Jr., was taken in as a new member.

ALAMO MATTRESS COMPANY TO HAVE QUANAH BRANCH

Announcement has been made that the Alamo Mattress company, which has a branch office in this city, will locate a branch office in Quanah also. Trucks will run out of that city as they do here.

E. S. Hendrick Congratulates Record on Announcing Daily; Gives Some Newspaper History

E. S. Hendrick of Chillicothe, well known in Vernon as publisher of the Hornet, which The Record succeeded, has written his congratulations to the publishers of The Record on their announcement of a daily paper. He also writes some newspaper history of Vernon in the early days that will prove interesting, and enclosed a check with the amount blank to be filled in for a year's subscription to the new daily.

Among other matters of interest he calls attention to the fact that Vernon has had three daily papers in her

editor and owner. The leading editorial in the first issue was "Wanted—100,000 Republicans in Texas." This article, coming from a Democratic paper, was widely copied by the Texas papers, and many stopped their paper. But it had no effect on the publication of the writer.

"Vernon had about 2,500 people at that time and the two banks paid the local editor's salary, \$100 per month. The plant consisted of a Campbell press, one jobber, eight cases of 10 point type for legal notices and something like three stands of ad and job type.

"The circulation of the daily was around 800 copies. Mr. Eddell was the most quoted editor in the State. In fact, he wrote as J. Frank Norris speaks. You can judge by this why his paper was so popular. The office was located just two blocks north of the present Record office on Cumberland Street—a frame building about 25 by 40.

"The Guard made money from the first issue and was sold for \$9,000 to Mr. Rutherford of Clarksville. That was some money for an outfit costing not over \$2,000.

"The second daily was started by the writer during the Spanish-American war. It was a humdinger, four pages, 8 by 12 inches. It was a money maker. Its circulation was around 1,200 at two bits a year. Our old friend, Bill Ish, never knew when his subscription was out and when we got short of change we would tell Bill his subscription was out, and he would fish down and get out a quarter. Mayor Harry Mason and Bonner would blow it in for a 'cold' drink before Ish got out of sight.

"Those were good old times, never to be forgotten. The Daily Hornet had a big force, the Ranrod, Herbert Farrell and Meeks Dodson. Herbert was 'foreman,' Dodson, 'pressman.'

"Occasionally business would get flush and I would have to call in Charlie Withers. I feel that my life has not been a blank, as the three above-mentioned boys have made good and I believe, if I do say myself, it was taking them in and startin' them along a 'business' life. Their salary was \$2 per week, from sunup until sunset.

"I almost forgot to say another daily was started, the Daily Bee. It was one column longer than the Daily Hornet. The Bee tried to get funny in one of its issues at the expense of the Hornet, and what the Hornet did for the Bee is well known by the old-timers, for it closed shop in a few days.

"Wishing you success, I am, yours truly,

E. S. HENDRICK."

DOANS NEWS.

A cool norther visited us Tuesday and Wednesday, and it looks very much like rain, but the farmers are very busy picking cotton, and some are having to pull their cotton on account of the big rains that has caused the bottom bolls to rot. If no more rain comes, the next picking will be fine.

Little Margaret Spear is very sick at this writing.

Mrs. Lee Armstrong and children visited her sister, Mrs. John Knapp, Tuesday.

L. C. Moore made a business trip to Vernon Tuesday morning.

Mr. and Mrs. Neel Slappy spent Sunday afternoon with his mother, Mrs. Edd Armstrong.

One of Mr. Adair's nephews of Paradise came in Sunday for a visit with his uncle and family.

Mrs. Edd Armstrong received a letter from her brother-in-law, L. H. Spear, who is in Rochester, Minn.

SELF-APPOINTED REFORMERS.

One of the common faults of humanity, apparently, is the desire to reform something or somebody or some group. There are many people who seem to have no higher aim in life than to study other people's business and offer a great deal of gratuitous advice. Gratuitous advice is usually worth no more than it costs—nothing.

No other industry in the world has been the object of so much attention from amateur reformers than farming. Almost every politician who seeks votes from rural voting precincts has a lot of remedies to offer for the ills of farming. Most of these ills are imaginary or are of the same kind that beset other industries.

The great trouble with these remedies is that they are well-intentioned, but mis-directed, efforts to reform farming methods from the outside. Reform from the outside is not ordinarily very successful. Witness, for example, our efforts to reform Mexico. To be effective, any reform of whatever nature must find its motive in a clear understanding of what is needed and a rather definite understanding of how to meet the need on the part of those who are to be reformed or receive the benefits of the reform.

There is a growing tendency on the part of farmers to let the professional reformers understand that they know their problems, have a very definite conception of the methods to be employed to meet them, and are entirely capable of managing their own business. This is a healthy sign. Farmers are the only people who can really work out their problems. They may have occasion at intervals to call in outside help. Some legislation may be needed, though this is doubtful.

Farming problems are not radically different from those of other industries. The farmer is both a producer and a merchant. Most of his troubles lie under these two heads. If his production costs are held to a minimum and he follows a wise method of marketing he is likely to be successful in his business, just as any other business man.

If we can visualize a meeting of farmers solemnly discussing how the merchants and bankers ought to run their business and then appoint a committee to advise merchants and bankers what they ought to do, we might begin to appreciate the absurdity of the average group of town men trying to tell farmers how to manage the business of farming.

NEXT YEAR'S RACE.

Perhaps never before in the history of Texas has so much interest been evidenced in a gubernatorial campaign nearly a year before the primary date. There are a number of reasons for this. The chief one, however, is the unusual situation with reference to the Governorship at the present time.

Texas has a woman who bears the title of Governor, placed there through a negative sentiment as the result of a peculiar campaign last year, while her husband is discharging the duties of the office. This is not a situation that is calculated to add to the pride which Texans may feel in their government.

Two other factors are being given a great deal of consideration. One is the candidacy of Lynch Davidson, who almost nosed out Mrs. Ferguson for a place in the run-off primary last year and who is an avowed candidate for the office next year. Mr. Davidson is qualified to hold the office. He is financially able to live independently of the salary he would draw from the State. He is gradually severing his business connections. From a standpoint of experience he ought to be fitted for the place.

A third factor that is causing much speculation is the possibility that Dan Moody, our young Attorney General, who made such a spectacular rise from a local political figure to one of state-wide proportions. No other man in Texas in so short a time impressed the people as did Dan Moody. Circumstances favored him, but none but a man of extraordinary personality and ability as a campaigner could accomplish in a few months what Dan Moody did.

It is known that Moody has his eye on the governorship. It has been in-

SEEKING TROUBLE
(By The Record Staff Poet.)

timated that he will run next year. His sudden rise in politics fired the imagination of the people. Whether he could sweep the opposition of veterans politicians aside in a race for Governor next year is a question.

The best way to defeat the Fergusons is to pit one strong man against them. Lynch Davidson is definitely in the race and it would seem the part of wisdom for opponents of the Fergusons to discourage others who might consider running next year.

SEVERE PUNISHMENT NEEDED.

Down in Dallas the other day a jury assessed the death penalty after finding a man guilty of highway robbery. This is highly unusual. Death penalties are rare in Texas even in murder cases. The victim of this particular hold-up was not killed, but the law holds that one who commits robbery with firearms is a potential murderer and provides that the extreme penalty may be imposed.

The judge before whom the case was tried, the district attorney and others commented upon the verdict and commanded the jury for severity of the verdict. Those who did this declared that the infliction of death penalties will do more to stop crime in Texas than any other one thing. The man who commits robbery with firearms is essentially a killer. His aim may be poor. His victim may be shrewd enough not to resist. But the gun is ready to do its part.

It is therefore difficult to criticize the jury's decision. Human life in Texas would be safer if there were more death penalties. Swift, certain and severe punishment is the only effective means of checking crime. Force is the only authority that the criminals recognize. Since this is true the State ought to employ force, employ it quickly and certainly. The principal reason we have so much crime in Texas is because a criminal career is fairly safe. Statistics show that a locomotive engineer is in greater danger of losing his life in rendering service than is the man or woman who takes a gun and shoots down a fellow-being.

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either. One or two Calotabs at bed-time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please, no danger.

Get a family package containing full directions, only 35 cents. At any drug store. Adv.

Christian Revival Meeting to Open Here Next Sunday

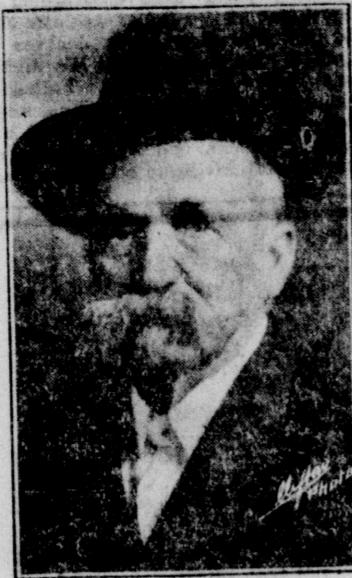

tumated in securing his services. Mr. Shields was here a short time ago and gave a concert at the local church, winning much praise. He went from here to Oklahoma City to attend a meeting of the Disciples of Christ which is now in session in that city.

Entertains With Bridge.

A revival meeting is scheduled to start at the Central Christian Church Sunday morning with Rev. James M. Perry, pastor of the local church, conducting the services. Before coming to Vernon, Rev. Perry acted as an evangelist several years in North Carolina and won the reputation of being one of the best evangelist in that state.

Harry K. Shields of Pomona Cal., will have charge of the song services during the revival. Mr. Shields has become nationally famous as an evangelistic singer, and people who know him say that the local church is for-

Miss Erma Frost of Farmers Valley has been visiting in this community.

Mrs. Rudolph Hofman of Lockett has been spending the week in Tolbert visiting her Brother and sister-in-law Mr. and Mrs. Olian Frost.

Haden Davis was a business visitor in Tolbert Tuesday.

Mrs. J. T. Hale is very ill at this writing.

ing one of the hardest fighters of the local squad. He appears to be trying to make up for his lack of weight with fight.

Castlebury is another wing man that is showing up well lately. Castlebury appears to have everything but experience and confidence. With these he would undoubtedly give someone a hard run for first string terminal position. But the lad doesn't know just what to do with his speed and power.

Baggett has been working Newth on the end in scrimmage against the first string squad of late. Newth is another one that will make a good player with experience. The Lion mentor has shifted him a number of times this year. Newth first came out for full, was shifted to tackle, and is now working end. However, he is still being used at end by Wilemon while the second string is running signals and will probably start the game at that position this afternoon.

Joe English at guard is dealing the regulars quite a bit of trouble of late. The regulars have learned to double up on him, and two of them take him out of practically every game, riding him to the ground. After being subjected to this sort of treatment for about an hour this afternoon, English informed his opponents that he would try to secure them a burrow if they desired to ride any more. English shows plenty of determination.

As a unit, the Lion squad has been looking stronger in practice this week than ever before. Coach Baggett however has been forced to spend most of his time drilling on fundamentals, and has had little time to drill new formations. This week he opens his practice sessions with about an hour and a half of scrimmage, then when the boys begin to tire, he separates the two teams and drills the regulars on new formations which he has seen used by other teams. Each man is instructed as to where he is supposed to go on each play, and is made to go there as the team charges.

Bob Robinson, got back into practice Wednesday afternoon after being out the first two days of this week. Although he has several bruises that might keep the ordinary player out of the game for a while, he seems to have no idea of missing any of the grueling practice, much less a game.

Hollar is going through practice session in spite of the fact that he is nursing a nose that is very much out of shape after stopping a hard swing lashed by P. Taylor in last week's game. Hollar is fast becoming

League May Drop Team For Dodging Says Henderson

Announcements from Roy B. Henderson say that as good football schedules have been found to be the exception rather than the rule, schools may be dropped from final consideration in the league contests.

if it is apparent that a school is dodging real competition by not arranging a representative schedule.

The local coaches say that they are highly in sympathy with such a ruling, as it has been practically impossible for them to match games near home. The teams being brought here from Oklahoma today and tomorrow because teams in this state in nearby counties will not play the Lions, forcing the local coaches to bring distant teams here at great expense.

However, Henderson's announcement fails to state whether his ruling will give any authority over contests between schools of different classes.

LOCAL PEOPLE SHOWN COURTESIES IN DALLAS

Mrs. G. E. Blackman and daughter, Miss Jennie Blackman, have returned from Dallas, where they attended the wedding of Miss Mary Blackman and Mr. Thomas H. McKee, which was solemnized Monday at the First Baptist church in Dallas by the pastor, Dr. George W. Truett.

During their brief stay in Dallas before the wedding, Mrs. Blackman and her daughters and Mr. McKee were shown a number of courtesies by friends. Sunday evening they were guests at a private dinner party in the Palm Garden of the Adolphus Hotel by Mrs. M. K. Houssels, formerly of this city. Mrs. Houssels lives in Wichita Falls and met Mrs. Blackman and her daughters by accident.

You are Invited to take a picture trip through an automobile plant

Learn how quality is attained with modern production methods! This week we are making a special photographic exhibit illustrating the precision methods by which quality is achieved in the manufacture of the modern motor car.

Showing the Reason for Quality at Low Cost

The exhibit consists of 40 remarkable photographs of the most interesting processes in modern automobile manufacture. It will provide the same interesting knowledge that you would get by taking a trip through the plants where Chevrolet cars are built. Each picture is accompanied by a full description of the operation it illustrates. It is an exhibit of unusual interest and value. Bring the children.
